Ask HN: What to do if you don't know what you're doing - smmount I'm doing a PhD in the fall and I want to start a company, but the problem is I don't know what to do, I don't know if I'm even suited for it. I have a couple of ideas, but can't decide on one. I keep trying to find "enough" information to decide what I want to do but I keep finding more questions than answers. Is there any general advice on what to do (and how to do) for someone who is unsure of what to do? ===== olalonde I think the two main questions to ask yourself are: 1\ Do you have enough money to build a business? 2\ Can you figure out what business you would like to build yourself? If the answer to

Long Path Tool License Keygen
